

ADD THREE NEW MEMBERS TO THE Y. M. C. A. BOARD

H. D. Winbiger, M. E. Strieter and C. E. Johnson Made Directors.

ANNUAL MEETING IS HELD

Total Membership of 807 Shown in Reports, Work of Boys Under 18 Being Feature.

H. D. Winbiger, M. E. Strieter and C. E. Johnson were elected new members of the board of directors and R. G. Summers, F. A. Graves, A. J. Burton and E. B. McKown were elected to succeed themselves as members of the board, at the annual meeting of the Y. M. C. A. held last night. This was the principal business of the evening, aside from the reports which were presented by the various secretaries and the committee chairmen.

It is probable that the reports will be issued in printed form in a short time, but some of the items are of sufficient interest to be given to the public at once.

The membership committee reported a total paid-up membership of 448 men and 359 boys, a grand total of 807. This does not include any unpaid or partly paid memberships, of which there are a number. It was reported that the average daily attendance at the building has been 461, and that the total number of visits to the building during the five months and ten days since the opening is just about 75,000. The billiard tables have been used 2,529 times. Twenty-seven social affairs have been given for the boys, and an equal number for adults, these having been attended by thousands. The total attendance at social affairs, exclusive of the boys' socials, was announced as 19,500.

The cafeteria has served a total of 17,662 meals during its five months of use. One hundred and seventy-two different men have been housed in the dormitory rooms, most of them having spent one week or more in the building.

There was a total enrollment of 155 in bible study classes, which held 53 sessions, attended by a total of 1,145. Nine boys and young men have been led into church membership.

Boys Most Active.

The gymnasium class attendance totaled 12,367, and the total attendance at all physical privileges was 47,000. The boys under 18 years of age furnished 75 per cent of the class attendance, and 61 per cent of the total use of the physical department privileges.

The report of the boys' department committee was most enthusiastically received. It showed that the boys had made use of their part of the building 25,846 times; that they have used the same tables 5,542 times, and that 3,278 times boys have been in the rooms waiting to play when there was no room enough for them to get into a game.

The employed boys' bible class took

the banner for attendance, showing an average of 90 per cent of their enrollment. The boys had 86 per cent of the total enrollment of the association in bible study, and their attendance record was 87 per cent of the whole.

The boy scout work has been pushed with good effect by this department. On the first of last November, there were but 15 scouts in the city. Today there are 75 scouts, in eight patrols, divided into three troops, and doing fine work. The equipment of the boys' department in game tables has been doubled within the last month, to meet the demands for a chance to play.

WIND DAMAGE IS BEING REPAIRED

Convention Decorations Blown Down in Storm, to Be Replaced at Once.

Work is rapidly progressing on the repairing and re-hanging of the street decorations put up for the Woodmen and Royal Neighbors camps by the business men, and blown down and damaged as a result of the storm yesterday morning.

E. H. Guyer, chairman of the committee which had charge of the work, stated this morning that all of the trellis work would be placed as before the storm before the Royal Neighbors convene here next Monday.

While only a few of the decorations were blown down Sunday night, the lattices were weakened and many broken. The wind of last night was responsible for damage to some few more.

HORST COMPANY HAS BEEN FORMED

General Contracting Concern Is Formally Organized—Issue Neat Prospectus.

Announcement is made in booklets issued today of the closing of the individual business career of Henry W. Horst, a leading contractor of this city, and the organization of the Henry W. Horst company, general contractors. The company is successor to Henry W. Horst. He will be president of the new concern, will be active manager of the business, and keep intact the organization built up by him in years past.

A. E. Horst, apprentice, journeyman, and graduate in engineering of the University of Illinois, is a son of H. W. Horst, and will be a member of the new firm.

L. F. Wendt, the third member of the company, is well versed in office and cost data work. The booklets issued contain pictures of homes, churches, office buildings, business blocks and factories erected by Mr. Horst. It contains 26 pages, and altogether is neatly compiled.

CAPTAIN DUNAVIN RECEIVES NEW GUNS

Captain Ed Dunavin of Company A has received five Colt revolvers from the war department which are to be used by sergeants and officers of the local militia. The guns are patterned after the 1911 model, automatic, 45 caliber, and use magazine holding seven cartridges. With each revolver came two extra clips or magazines, and it takes but little time to change. Twenty-one shots can be fired in very short order.

The regular weekly drill practice was held last evening at the Armory and nearly all of the members were present.

HAVE ROAD ADVENTURES ON LINWOOD PICNIC TRIP

Five members of the Rock Island Rotary club attended the annual picnic of the Davenport Rotary club at Linwood yesterday afternoon. F. W. Burgh, who was the only local member to go in the morning, made the trip with a Davenport member in an automobile. As they were making a turn on the dirt road near Fairmont cemetery the heavy machine, which was not equipped with chains, skidded and stopped within three feet of a steep embankment. On the return trip about 8:30 in the evening, with Bob Mitchell at the wheel, the car ran into a freshly filled sewer trench in the west end of Davenport, and the wheels of the car sank up to the hubs. It was necessary to secure a team to put the machine out.

In spite of the adverse weather conditions the outing was a complete success. The program included a fine spread, with a fat and thin man's race, ball game, etc.

BETTENDORF COMPANY BUYS AN OFFICE SITE

Purchase by the Bettendorf company of a tract of land 600 feet facing State street in Bettendorf and nearly 400 feet deep for the erection of a modern office building is accepted in Davenport as indication that there is nothing in rumors that the company expects to remove its plant to Bethlehem, Pa., or reduce the size of the local shops. The new building will be three stories and one of the finest factory offices in the west, it is said.

Beauty Talks

For successful motoring the wise woman will protect her skin by the use of motor or whitening cream and a liberal dusting of powder.

The cream prevents sunburn and keeps the face from chapping when exposed to Spring winds. The use of Elderflower Cream for cleansing upon returning from a motor trip and application of Tissue Builder and powder will remove all traces of a roughened sunburned skin. Consult the operators in the Hair Dressing Parlors on the second floor.

Tomorrow and until Friday Night We Will Offer the Following Specials:

3-Day Hair Specials

SWITCHES, worth up to \$1.25, 69c special, at.....
SWITCHES, worth up to \$1.50, 98c special, at.....
SWITCHES, worth up to \$2.25, special, at..... \$1.98
FRENCH REFINED HAIR, all first quality French refined hair..... 20% OFF

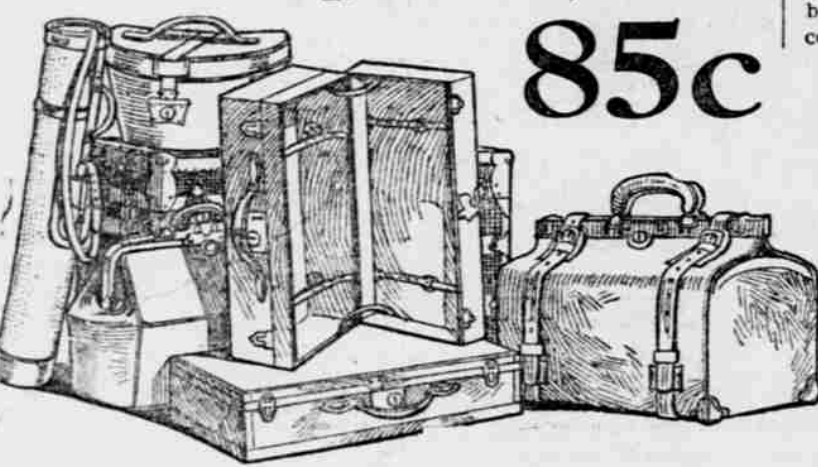

(Guaranteed absolutely to be good quality and guaranteed to be human.)

Prices range at \$2.50, \$4.50, \$6.25, \$7.50, \$10.00, \$16.50 and \$25.00.
ONE JAR of our celebrated SYLVIA CREME MARQUEE given with each purchase of switch. Ask about the new Whirl curls, commonly known as "Devil" curls.

SUITCASES

In metal and leather corners, either keratol or matting, \$1.50 value, at

85c

We carry a good line of traveling bags, leather or matting. Trunks are in basement.

MANY GAME FISH FOR ROCK RIVER

Illinois Commission Will Deposit Almost Million in Three Different Points.

One million and two hundred thousand wall-eyed pike which have just been hatched at the Illinois fish hatchery in Havana, Ill., have been brought to the northern part of the state for distribution in Rock river and Yellow creek.

The fish were nearly equally divided into four lots of 300,000 to be placed in Yellow creek near Freeport, and a like number in each of the three cities of Dixon, Sterling and Bradford.

These pike were hatched with others

from 7,500,000 eggs that were secured from the federal hatchery in Michigan, the actual hatching being at Havana. The result of the hatch was 5,000,000 fish, which is regarded as the most successful in years. The shipment to northern Illinois was made in 20 cans, each holding from 60,000 to 65,000 fish. The fish are no larger than a mosquito of fair size.

The Illinois commissioners have secured from the Iowa commissioners the use of a car which is especially designed for transporting fish and which will be used in about a month in bringing fish of a larger size for distribution in northern Illinois. This consignment will include croppies, catfish, pike, bass and other varieties. The commission started this week in seining two large lakes in central Illinois for these fish and they are to be placed in a large pond where they will be available when the commissioners are ready to transport them. These fish will be sent to Freeport,

Oregon, Dixon, Sterling and Rockford and will all be placed in Rock river.

COMMITTEE TO MEET TO ARRANGE I.O.O.F. PROGRAM

A committee consisting of 12 Odd Fellows will meet at the hall Thursday evening to arrange the details for the I. O. O. F. Memorial services to be held Sunday, June 21. Rev. M. E. Chatley has already been secured to deliver the address. John Reid is chairman of the committee in charge.

TRAINS RETURN TO USUAL TIME

Washout on Rock Island Near Des Moines Is Repaired and Traffic Resumed.

All trains on the Rock Island road coming from the west were 12 hours late up to last evening, owing to a bad washout near Newton, Iowa. Newton is situated near Des Moines, where over 2½ inches of water fell in a short time during the severe storm. The tracks were washed out for a considerable distance, and repairs were not completed until 2 o'clock in the afternoon. Trains Nos. 6, 14 and 18, which are all due here in the morning, were over 12 hours late, arriving about 3:30 in the

afternoon. During the evening schedule time was gradually restored. The Burlington and Milwaukee roads report no trouble, and all trains on these lines into Rock Island have been on time.

FAILS IN PHYSICAL TEST FOR ACADEMY

Keith Hartzell of Monmouth, who was appointed by Congressman Clyde H. Tavenner as cadet at the West Point Military academy, after having passed the mental test, has received word from the war department that he failed to make good in the physical examination, which was conducted at the Jefferson barracks at St. Louis, Mo. He will, therefore, not be allowed to enter West Point, and it is expected that within a short time another from this congressional district will be named. Mr. Hartzell proved to be under the required weight.

Canned Soups Yield to New Better Way

A Wonderfully Clever Chef Has Worked Almost a Miracle—La Cure's Soup Is Like Magic.

It's a Marvelous, Magical Powder

Ladies, the day of the soup bone is gone! La Cure's Soup does what "canned" soups failed to do. La Cure's Soup makes real soup, most delicious soup, soup with the snap and life and nip that canning takes out of soup, and all you have to do is add water, bring to a boil, and, Pouf! there's your soup!

Try a 10-cent package of this new, wonderful, magical soup today.

La Cure's Soup is a powder. That powder is just pure soup with the water extracted by a special new process. You don't have to pay for water when you buy La Cure's Soup—you add that yourself. You don't have to use a whole package of La Cure's Soup at once. For there is no tin can to poison La Cure's Soup after being opened. A ten-cent package makes eight plates, but if you don't require that much you use only part of the package and save the rest for another day.

La Cure's Soup is the new, modern method. Get a ten-cent package of your grocer—Chicken, Tomato, Beef and Onion, Celery, Vegetable, Bean or Green Pea—and learn how to abolish the bother of soup-making and the flatness of canned soups. Have soup for any meal you like now, with La Cure's Soup.

Get a 10-cent package of La Cure's Soup of your grocer today and see—(Adv.)
